QUESTIONS

BASICS

This first section is just basic information about the wedding day! Here are a few tips to know beforehand:

1. Make sure there is natural light in the room where the bride will be getting ready (window light). This makes a **WORLD** of difference in your images! I promise!
2. If possible, try to have all bridal details together before the photographer arrives. (Dress, invitations, jewelry, shoes, bouquet, garter, veil, all rings, etc) This will make the detail shots more efficient!
3. Keep the area near the window free of trash, bags, snacks, etc. This will be where the bride will be putting on her dress! (We don't need any Aquafina bottles in our bridal portraits:).
4. If you're doing a first look, you may want to coordinate with your florist to get your bouquets ahead of time. This will also allow for more detail images of your bouquets!
5. Allow more time than you think you need to get ready! It's better to be safe than **RUSHED!**

Q. What address should I arrive at first? (Where is the bride getting ready) Please give actual address for GPS purposes.

Q. Any additional prep locations? (Where is the groom getting ready?) Please give actual address for GPS purposes.

Q. Please List Addresses to the CEREMONY & RECEPTION locations:

Q. What time will the bride arrive at the ceremony location?

Q. What time have we decided that I should start shooting?

Q. Based on the coverage time you have purchased and our starting time, what time will we be ending our coverage?

Q. Will you be doing any type of "Exit" from your reception?

Q. If there is travel time to and from your different venues, please include that time so I am aware of it! Thank you!!

Q. Names of the Maid of Honor and Best Man:

Q. Can you provide me with a rough timeline of the wedding day? (If we haven't already discussed this in detail, now is the time! I would love to help you create a timeline that will allow for plenty of beautiful portraits and a stress-free day! If you're

sharing a FIRST LOOK, I will need to start shooting bridal details at LEAST 2.5 hours before the ceremony. 3 hours is recommended if there is no extensive travel time to the ceremony venue. I'll send over a template in a separate email)

Q. How many Bridesmaids? (including MOH) – Please list their names.

Q. How many Groomsmen? (including the Best Man) – Please list their names

WEDDING VENDOR INFORMATION:

This information is important in the event of an emergency on the wedding day & it is also needed if your wedding is submitted for publication (magazines or blogs). When submitting to any publication, they will need all of your vendor information. Please complete whatever information applies to your wedding! Little details are the best! ex: your necklace was your GREAT grandmothers that she wore on her wedding day! When I KNOW these details, I can make sure that I capture everything that has

FAMILY FORMALS

Family formals do not have to take over 30 minutes. However, this is only possible if we are organized beforehand! Please list ten different groupings for family photos. For example: 1. Bride and groom with parents. 2. Bride and Groom with grandparents. 3. Bride and Groom with siblings. Within these groupings, you can have more than one shot (ex. B&G with Grooms parents, B&G with Brides Parents, etc.) If you have a very large family and more than 10 group photos, I suggest saving some of the extended family shots until the reception so that family portrait time will not interfere with your romantic portraits and you will not keep your guests waiting at the reception. Please inform me of any family members that may not get along and/or may not want to be grouped with a certain other family members so that we

Q. Please list 10 Family Groupings for Family Portraits: (Please include names so that I can call family members by their first name as we organize the portraits – Giving you a template) Two templates for family/friends portraits groupings:
